CONNECT 2014

Wednesday, October 29th, 5 – 8 pm

Alyson's Orchard in Walpole

With Keynote Address

Don Byrne of Metrix411

An Evening of Lively Discussion and Networking

This is an evening for entrepreneurial and community-minded people to network, learn, be inspired and share ideas. We recognize the Hannah Grimes Center Entrepreneur of the Year, an individual who exemplifies the mission of Hannah Grimes to inspire business and the community to innovate, connect and thrive.

The event is celebrated for its amazing array of local autumn food and drink and the serene beauty of the setting at Alyson's Orchard.

Themes

This event began as a graduation celebration of our 12-month Entrepreneur Project (Alyson's owner Susan Jasse is a graduate) and has since grown to our main annual event. It represents the many facets of our community – from nonprofit leaders and high-tech manufacturers to community members, students and small business owners. Themes in recent years have included Local Economy, Changing & Challenging Economic Times, Slow Money and Community Wealth.

Details are on the flip side. Call today to

Help us Make a Difference

The Hannah Grimes Center provides resources and support to assist in the successful development of entrepreneurs and community builders throughout the Monadnock region. We work toward a broader vision of a sustainable, thriving local economy and vibrant community built upon the region's heritage, culture, natural resources, and the civic-minded entrepreneurial spirit of its people.

Hannah Grimes offers a wide range of business development programs, business incubation space, coaching, workshops, and events.

We also operate the Hannah Grimes Marketplace, a dynamic retail store that provides a market, resources and support to over 270 local producers and growers.

And we provide organizational development programs and supportive small-space offices for nonprofit organizations.

Support our work to build small businesses, create jobs, and strengthen the economy and community in the Monadnock Region. Your underwriting helps us achieve our mission and continue our track record of success while you effectively reach an influential and engaged local audience.

Thanks very much for your support!
